

Cylinder Maintenance Tools

STEEL STAMP

Heavy Duty Steel Stamps to stamp the recertification date clearly, as required by D.O.T. regulations, on cylinders.

STEEL STAMPS

| RMI Part No. | Description |
|--------------|------------------------------|
| SK-09E/316 | 3/16" Stamp Dies 0-9 & E |
| SK-09E/14 | 1/4" Stamp Dies 0-9 & E |
| SK-09E/38 | 3/8" Stamp Dies 0-9 & E |
| SK-AZ-3/16 | 3/16" Stamp Dies Letters A-Z |
| SK-AZ/14 | 1/4" Stamp Dies Letters A-Z |
| SK-AZ/38 | 3/8" Stamp Dies Letters A-Z |

AIR OPERATED E-Z STAMP

Air operated lightweight tool for dating requalified DOT cylinders.

Stamps the date clearly as required by D.O.T. regulations. Takes less than 30 seconds to stamp the complete date on a cylinder. Dies are 3/8" square and print 1/4" characters. E-Z STAMP requires only 60 psi air pressure for operation.

EZ STAMP

| RMI Part No. | Description |
|--------------|---------------------------------|
| CP-711 | Gun, Head , Stamp Dies 0-9 & E |
| CP-711-14 | Stamp Dies A-Z |
| CP-711L | Gun, Head, Stamp Dies 0-9 & A-Z |

AIR SCRIBE

Air operated lightweight tool for dating requalified DOT cylinders or marking metal tools

AIR SCRIBE

| RMI Part No. | Description |
|--------------|-----------------------------------|
| CP9361 | Air Scribe Kit |
| P-054177 | Replacement Stylus for Air Scribe |

PIT GAUGE

For accurate and convenient measuring of cylinder rust pits, gouges and dents as required for DOT visual inspection of gas cylinders. Highly polished stainless steel gauge comes with pocket size leather case.

PG-100

| RMI Part No. | Description |
|--------------|---------------------|
| PG-100 | Pit Gauge with case |

BOT-L-WRENCH

For fast & easy cylinder valve replacement and installation.

BOT-L-WRENCH

| RMI Part No. | Description |
|--------------|--|
| 20-1 | WRENCH POL PLUG |
| 20-2 | VALVE WRENCH |
| 20-3 | HANDLE |
| 20-4 | CHAIN VISE |
| 20-7 | MOTOR FUEL WRENCH |
| 20-8A | WRENCH FOR OPD VALVE |
| F100-1 | Wrench Kit - Includes 20-1, 20-2, 20-3, 20-4 |

OPD CYLINDER VALVE WRENCH

These wrenches quickens installing and removal of QCC-1 cylinder valves from DOT Cylinders. The wrench works on all Style 1(QCC-1) valves.

MEP122

TECH TIP: A Bleed orifice safety Feature will indicate any pressure remaining in the cylinder before removing the valve by simply opening the valve slightly prior to loosening.

| RMI Part No. | Description |
|--------------|-----------------------------|
| MEP121 | VALVE WRENCH MALE POL |
| MEP122 | VALVE WRENCH TYPE 1 QCC/OPD |
| MEP125 | MOTOR FUEL VALVE WRENCH |

Cylinder Visers & Equipment

WALL HUGGER CYLINDER VISE

Aluminum Wall-Mounted Cylinder Holder. Compact design actually takes up less floor space than a sheet of paper, yet does not compromise on quality. At 53 lbs. can ship UPS! Can handle 20#-100# cylinders.

| RMI Part No. | Description |
|--------------|-------------------------------|
| WALLHUGGER | Wall- Mounted cylinder holder |

CYLINDER VISE AND MOUNTING BASE

CYLINDER VISE

Firmly holds 12" to 14" diameter cylinders and comes with inserts for 5 gallon cylinders. Other inserts are available upon request, down to 4 inches. The easily adjustable snap-action latch locks cylinders securely into place.

MOUNTING STAND

Mounting Stand has a sturdy 20" x 24" base and stands approximately 3 feet tall, for easy working access. As an additional feature to the stand, a four-level adjustable height support has been added as a safety precaution. This model also comes with a built-on work tray for your convenience.

| RMI Part No. | Description |
|--------------|---------------------------------|
| CVM-200 | Cylinder Vise |
| CVM-BASE | Mounting base for Cylinder Vise |

CYLINDER CAPS, COLLARS, AND PLUGS

PROTECTIVE COLLARS

For use on cylinders in transit and on construction sites to conform with DOT and OSHA requirements. Use S-501 for easy fit over multivalve.

PROTECTIVE CAPS

For use on cylinders in transit. Fits over standard cylinder valve.

CYLINDER PLASTIC PLUGS

Plastic rain plug for cylinders without a valve. (Not a gas tight seal.)

| RMI Part No. | Description |
|--------------|--|
| CC-101 | 3-1/8" Cap |
| S-501 | Collar 3-1/2" Neck for Multi Valve Cylinders |
| PT-3/4 | 3/4" Threaded Plastic Plug |
